OTPme - Feature #38

add support for push-token (e.g. sms)

03 February 2015 19:08 - The 2nd

Status:	Erledigt	**Start date:**	03 February 2015
Priority:	Normal	**Due date:**	
Assignee:	The 2nd	**% Done:**	0%
Category:		**Estimated time:**	0:00 hour
Target version:	OTPme 0.2		

Description

there should be a token type, with a static password, that will generate an OTP for the user and send it via SMS.

- instead of sending the OTP it should be passed to an external script for delivery
- it should be possible to add a phone number to the token which will be passed to the delivery script
