

OTPme - Feature #33

implement module to be used with freeradius rlm_python

25 January 2015 19:18 - The 2nd

Status:	Erledigt	Start date:	25 January 2015
Priority:	Normal	Due date:	
Assignee:	The 2nd	% Done:	100%
Category:		Estimated time:	0:00 hour
Target version:	OTPme 0.2		
Description			
using a python module should perform better than calling otpme as a script via "exec" modul.			
there are examples available:			
https://github.com/FreeRADIUS/freeradius-server/blob/master/src/modules/rlm_python/example.py			
https://github.com/FreeRADIUS/freeradius-server/blob/master/src/modules/rlm_python/prepaid.py			

History

#1 - 25 January 2015 20:38 - The 2nd

this is now implemented for clear-text requests. ntlm/mschap request handling will follow until i got an answer from the freeradius mailinglist how to configure freeradius to send them to rlm_python.
