

OTPme - Feature #43

QR-Code based token rollout

28 March 2015 15:33 - The 2nd

Status:	In Bearbeitung	Start date:	28 March 2015
Priority:	Normal	Due date:	
Assignee:	The 2nd	% Done:	60%
Category:		Estimated time:	0:00 hour
Target version:	OTPme 0.3		
Description			
OTPme should support QR-Code generation for at least HOTP/TOTP tokens to be used with e.g. the yubico authenticator.			

History

#1 - 04 July 2015 02:49 - The 2nd

- Status changed from Neu to In Bearbeitung
- % Done changed from 0 to 60

added QRCode support for OATH HOTP/TOTP tokens.

MOTP support for Swiss SafeLab OTP Authenticator needs some more investigation. using the example XML from the link below was not working....
